

TOWN OF CARROLL
 PETITION WARRANT ARTICLE

RECEIVED
 JAN 12 2021
 Town of Carroll

We, the undersigned registered voters of the Town of Carroll, NH, hereby present by petition the following for inclusion on the 2021 Town Meeting Ballot.

To see if the Town of Carroll will vote to declare its opposition to a new landfill site in Dalton, NH. The development in Dalton would have negative consequences for Carroll. Some of the impacts:

- Tractor trailers importing out of state trash & toxic landfill leachate on our road with these trucks making round trips
- Higher rate of tractor trailers on Routes 3 & 302 & with that comes noise & increased danger of accidents and toxic spills
- The odor, litter & leaks that comes from those trucks
- Environmental impacts on the Ammonoosuc River, area lakes & ground water
- The affect this will have on our tourism & lives of residents

With the passing of this warrant article, a copy of this will be sent to our Governor, our State Senators & Representatives, Governor's Council Members, NHDES & Solid Waste Management Bureau to show the Town of Carroll's opposition to the proposed landfill in Dalton, NH.
