Town of Carroll Selectboard
92 School Street
Carroll, NH 03595

Dear Selectboard Members,

My name is Paul Bussiere and I am interested in the vacancy for Selectman with the Town. I am a resident and served as a Selectman for the Town as well as a Zoning Board member. I am very familiar with the Town of Carroll Zoning regulations as well as the rules, regulations and procedures on how to be a Selectman and how the Town runs and operates. I feel that my knowledge and expertise would warrant me to be the right candidate for this position. I am a firm believer that the Selectboard members work together and not to discuss anything outside of the meetings and not to make a decision unless you have a full quorum. As a Selectboard Member, I will be here for the Town's best interest. This Town deserves to have someone who not only cares deeply about it, but to also have the vision to see growth and the knowledge to achieve it. I believe I am that person.

Sincerely,

Paul Bussiere
Resident of Town of Carroll

Here are my responses to your requirements:

1. I understand that even though I am an individual Selectman, we are not to be making decision as a sole member and we are three (3) Selectman who decide together. Even if we disagree with each other, it still takes the entire Board to decide.
2. The Town of Carroll has definitely had its ups and downs and will continue to but my goal is to help it have more ups. In my opinion, the weakness of the Town is that some people do not learn the truth of issues and instead listen to the gossip around Town. The strength of the Town is that those that do learn and pay attention to what is going on can see the future and see that the Town needs to adapt to current situations in order to continue to grow and succeed as a whole.
3. As I stated before, I was a previous Selectman. I had to take a step back for personal reasons after my term was up. Now that I am feeling better and wanting to continue my service to the Townspeople, I am ready to come back and help in any way I can.
