

Twin Mountain Public Library

March 31, 2022

Jules Marquis
Select Board Chair
Town of Carroll
PO Box 146
Twin Mountain, NH 03595

Dear Mr. Marquis:

The trustees of the Twin Mountain Library have three requests for the placement of objects outside the library facility.

The first item is the book drop box. The library purchased a unit last fall and would like to place it outside the front entrance, across the walk, opposite the town office drop box, this spring.

Second, we would like to place a wood bookcase just outside the library door, secured against the wall. This would allow for an ongoing book sale, same as we had in the old town hall. The book sales generate revenue year-round this way.

Lastly, having now gone three years without a sign, it is most imperative that we install a sign this spring. Currently, there is no signage inside the building directing an individual to the library space. And, there is no signage outside the building noting that there is a library in one of the buildings. We would like to have a moose sign made, same shape and size as the one used by the police department. The library moose would be painted with the name Twin Mountain Public Library. It would be placed near the library end of the building in a way that does not interfere with plowing or mowing.

Please share this letter with the board and let us know if there are any concerns or questions.

Sincerely,

John Gardiner, June Rogier, Michelle Gamache
Trustees, Twin Mountain Public Library

Enclosures: Photograph-Drop Box, Photograph-Bookcase
